With this QR code, you can show your payer your name, address and IBAN so that they can make an electronic payment to your account via online/mobile banking.

Using a printout of this QR code for paper-based payment (e.g. via a financial institution or at the post office) can lead to the transaction being rejected as well as additional costs for the payer or for you as the payee.

If the payer wishes to make a paper-based payment via a financial institution or at the post office, you can order payment parts via eBanking.

Yours sincerely
Zürcher Kantonalbank
